

CRJ 605: Statistical Analysis of Networks

Survey Data

Instructions:

The purpose of this survey is to collect data that we will use throughout the course. Please be advised that your responses **will not** remain confidential, so *please* reveal information that you would only be comfortable with other people in the class knowing.

Your Name: _____

Network Questions:

Below is a list of students currently registered for this course. Adjacent to the names for each student is a column asking a question about the particular individual. *Please place an X in the cell corresponding the student(s) to whom the question pertains. Leave the cell blank otherwise. Do not select yourself for any questions.*

First Name	Last Name	Is this student someone whom you spend time with frequently outside of class?	Is this student someone whom you have talked with about this course or discussed this course?	Would you <i>trust</i> telling this student something that might be potentially damaging to your reputation or embarrassing if revealed to others?
Peter	Best			
Jon	Bottema			
Katharine	Brown			
Michaela	Flippin			
Danielle	Haverkate			
Abigail	Henderson
